

SECRET

JANUARY 20

OFFICE OF LEGISLATIVE COUNSEL

Monday - 20 February 1962

1. (Internal Use Only - JS) [REDACTED]

[REDACTED] had met with Mr. Hassan, Chairman of the Housing Authority, and Mayor Collins to thank them for their efforts in connection with the matter which Representative John W. McCormack telephoned me last week to say had been completed.

2. (Secret - JS) Carl Marcy, Senate Foreign Relations, telephoned inquiring about the Powers situation. He mentioned again that a letter had been forwarded by the Acting Chairman to State for appropriate information avoiding specifying who should furnish the information or whether it should be in a written form or whether Powers should be brought before the Committee. He said there was considerable pressure on this matter and that people were calling in on it and in substance they wanted to wind up their hearings on the U-2 matter. I advised that we still were not in a position to begin talking about this in a firm fashion but that certainly we were aware of their desire for information and would do what we could to assist them. I told Mr. Marcy I would call him as soon as I was able to be more specific.
